Front

Bleed Area

Anything here will be trimmed off, but remember to extend any colouring or images into this 3mm bleed area to avoid white lines appearing during the print finishing stages.

Trim

Your job will be cut on the solid black line, any images or text placed in this 3mm area may be trimmed off incorrectly.

Safe Area

Keep all your information inside the white area. Remember to use high resolution images (300dpi) for the best results.

Crease Guide

Be aware of any artwork that goes over this guide, as the finished product will be creased here.

The diagram shows an open book with two blank white pages. A thick gray dashed border surrounds the entire book area. A solid vertical pink line runs down the center, separating the left and right pages. The text 'Inside Left' is centered on the left page, and 'Inside Right' is centered on the right page.

Inside Left
